O R D E R

It is ordered that Alton Water District ("Alton") shall file an original and eight copies of the following information with the Commission, with a copy to all parties of record, by April 19, 1985, or two weeks from the date of this Order, whichever is later. If neither the requested information nor a motion for an extension of time is filed by the stated date, the case may be dismissed.

1. Provide a copy of amortization schedules of present and proposed indebtedness.

2. Provide copies of workpapers of the calculations and assumptions used to determine the estimated Operating Revenues and Expenses per the comparative Income Statement (Exhibit K) submitted with the application.

3. Provide a corrected breakdown of the estimated project cost. The total cost varied in the application submitted as shown below:

	<u>Total Cost</u>
per page 2	\$1,932,300
per page 5	2,032,300
per Exhibit I.	1,934,300

4. Provide the Commission with a copy of the proposed rate schedule for both the water and the sewer facilities. Exhibit J, sent to the Commission in the application, is an example of a billing analysis and not the actual rate schedule.

5. Provide the Commission with an alternative flat rate for the class of sewer customers to be served. Also, provide a narrative discussion of Alton's position on having a flat rate for sewer customers as opposed to a rate based on the water usage.

6. Provide an estimate of the annual revenues using the estimated number of customers who will be served and the proposed rate schedule.

Done at Frankfort, Kentucky, this 4th day of April, 1985.
